enicet
COMMITMENT OF QUALITY

A COMPLETE BATHROOM SOLUTION

www.enicet.com

100% Faucets and valves are made of brass containing 60% copper.

that ensures lifetime rust-free products

Only brass pipe and flange used.

no steel pipe and brass flange are used to ensure everlasting quality.

High quality silicon gasket and pure nitrile rubber.

this ensure long lasting grip and exclusive liik of our products.

Specially designed DSAFE cartridge.

this CSAFE cartridge with certified rubber ensures ultimate life our products.

Only brass handle.

no zink or merabal handles are used in all faucets to ensure perfect grip of spindle with handle. it privents faucets from all damages like black dot, differ shine etc....

Tasted plating of nickel above 10 micron and chromium 0.3 microns.

this ensures real shine that last so long.

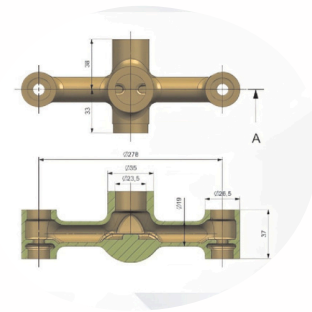

Separate service department.

this ensure our commitment to solve every complain before time at costumers door step.

Free parts and free service for 7 years.

genuine service at zero cost for seven years through well trained and well-equipped technicians.

Designed to last long and crafted to shine most.

We believe in only those innovation that really means.

Certificate for Quality practices.

This presents our strong passion and dedication for consistent quality and value towards our commitements.

ABOUT US

We, Enicet Bathware pvt.ltd. are fastest growing bathware company keeping culture and innovation t heart of everything we do. Our Mission is to bring the smile of satisfaction the face of every customer and dealer by providing them high quality, durable and advanced bathware product with on time service and truly piece of mind warranty.

Inspiration

Our core purpose " Bring prosperity and happiness in lies of people" keeps us inspired to innovate new way of creating solutions and or hard to achieve excellence in all directions.

Mission

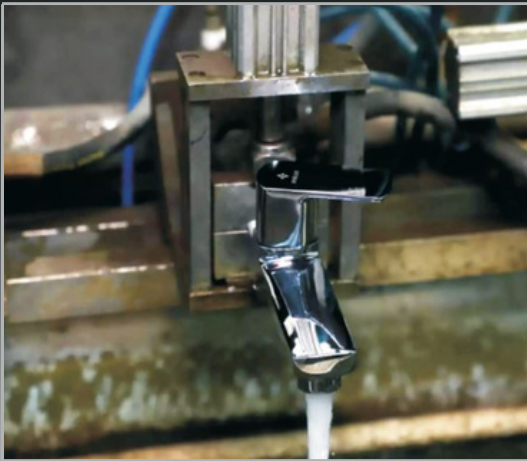

Knowing the value of commitment, we dream our selves to be placed surrounded with committed people and achieve himalayan goals we set.

QUALITY CONTROL

At enicet. Our promise to ourselves is to never compromise on the quality of products. Throughout our journey. We have gone the extra mile to deliver safety and quality. Whatever it is the choice of raw materials, or innovation & upgradation of manufacturing techniques and infrastructure. Our committed

Workforce is trained meticulously to implement these high standards, as well as be aware of evolving trends. Furthermore, each enicet faucet, before it is put on sale, is made to with stand all sorts of challenging conditions, like

TESTING FOR THE SPINDLE'S LIFE CYCLE.

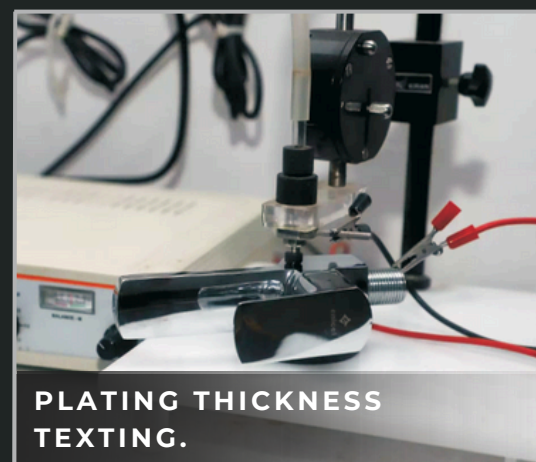

SPECTROTEST AT WORLD CLASS LABS.

THREAD TEST ON BSP STANDARD GAUGE.

SALT SPRAY TEST TO ENSURE LIFE OF PLATING.

PLATING THICKNESS TEXTING.

7 YEARS WARRENTY

The product is warranted by Enicet Bathwear Pvt. Ltd. to be free of defects in material and workmanship for a period of 7 years from the date of purchase. During this period and under normal use, if the product is found to be of faulty manufacture, the same will be repaired or replaced upon proof of purchase, at our option, without charge either for part or labour.

GENERAL INSTRUCTION

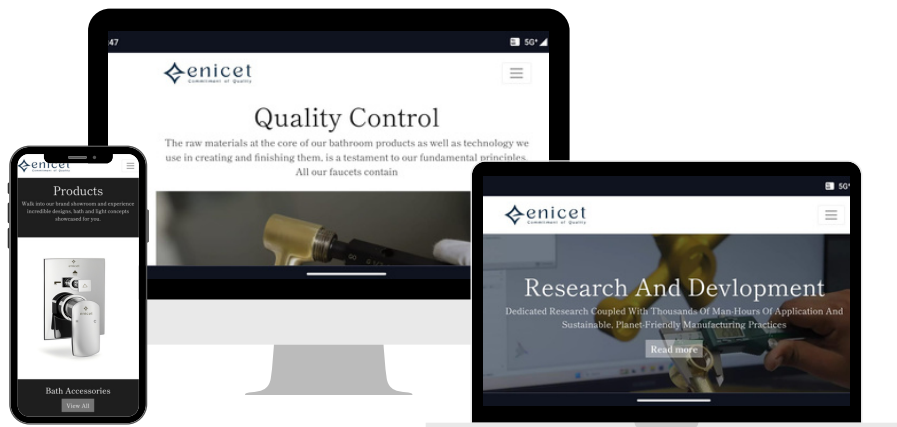

To Preserve Surface Finish and Aesthetics Of Your Bath Fittings.

- Clear the fittings regularly with a moist cloth, normal soap water / diluted vinegar and put it dry. Use chalk powder to remove scaling / stains.
- Do not use scrubbers, harsh washing powder, phenyl or harsh cleaning chemicals.
- While fixing, do not scratch / damage the fittings by means of tools or spanners.
- Cover the fittings after they have assembled. Keep Fittings regularly & rigorously maintained in case of poor water quality.

LIMITATIONS & EXCLUSIONS

The warranty will be void and not valid, ENICET BATHWARE PVT.LTD. will have no liability if.

- The product is not installed, operated or maintained and serviced in a proper way.
- Modifications, repairs or service are made to the product, nature of the product / logo has been altered, defaced or removed, or the warranty card has been altered.
- Problems arising from normal wear and tear, improper maintenance or improper use / application of product or components of the same or use of poor / bad quality of water.
- The product has been installed and operated outside its designated plumbing conditions and parameters.
